Re: **WC Docket No. 17-66**  
Domestic Section 214 Application Filed for the Transfer of Control of Finger Lakes  
Technologies Group, Inc. to OHCP Northeastern Fiber Buyer, Inc. ("**Application**")

Dear Ms. Dortch:

Trumansburg Telephone Company, Inc. ("**Transferor**") and OHCP Northeastern Fiber Buyer, Inc. ("**Transferee**"), pursuant to Section 1.65 of the Commission's Rules, and at the request of Commission staff, hereby supplement the above-referenced transfer of control Application to provide additional information on competitors in regions of existing overlap between the competitive local exchange ("**CLEC**") operations of TVC Albany, Inc. and its subsidiaries (collectively, "**TVC**") and Finger Lakes Technologies Group, Inc. ("**FLTG**").

In all of TVC's and FLTG's New York markets, including the regions of overlap identified in the Application (all within New York), Verizon and Time Warner Cable (now Charter), which are much larger companies than the combined entity, generally are facilities-based competitors offering a gamut of voice and data services. Frontier is also an ILEC in certain of the overlapping markets.

In addition, although not necessarily operating in overlapping regions, Fibertech/Lightower has built significant fiber in upstate New York targeting the Albany, Rochester, Syracuse and Buffalo markets, and is offering data services. Level 3 offers data services in the Rochester, Syracuse and Utica New York areas.

Please let us know if you need any additional information.

Respectfully submitted,

/s/ Patrick S. Campbell
